2010  
 Charity Event

In order to participate in the educational development and the poverty reduction in rural areas of Cambodia, CSAJ is running three main projects, **Rural Primary School Fund, Essay Contest, and Help Our community project.**

As every year, with the help from Cambodian Students who are studying in Japan and with the corporation from “Wat Phnom” dance group, CSAJ-2010 had successfully held the Charity Event on July 3<sup>rd</sup> 2010. The participants of the event included, *Mr. CHEUY Vichet*, First Secretary of Royal Embassy of Cambodia to Japan and *Mr. Sim Virak*, the second secretary of Royal Embassy of Cambodia to Japan, representatives of Japanese organizations and companies, the Japanese, Cambodian people and students in Japan.

The aims of the event are to report the CSAJ activities in the previous fiscal year to its donors and to raise fund from people who love and care about the welfare of Cambodian Kids and the poor in Cambodia.

After an opening remark by *Ms. Heng Sopha*, the president of CSAJ, and a welcome speech by *Mr. CHEUY Vichet*, an impressive video presentation about the current situation of Cambodia was shown to the audiences. This video presentation is mainly created in order to share as well as to take the attention of the special guests and students to aware the fact that there are children who hunger for education and there are many poor people who are striving for their survivals. After that, CSAJ members also presented the last year report of each project.

The participants also enjoyed the Cambodian classical dance “Phoung Neary” and “Yike Homrong” performed by “Wat Phnom” Dance Group; “Cambodia`s seven-colored Traditional Clothes” Fashion show performed by Cambodian Students, and musical performance by volunteered student group.

After our students` free style performance and talent show, the event was pleasurable and memorably finished with group photos.
